Foumal's Gardens

9000 S. E. 82nd St. - Portland 66, Oregon

We are happy to give you our first published Iris list. For many years we have been raising Iris as our all-consuming hobby and our stock has so grown we must find an outlet if we are to have room for the new ones we want each year.

Our prices are our own—governed solely by our stock. Our stock is healthy, state-inspected, and guaranteed true to name.

No order less than one dollar; all orders postpaid and cash must accompany order. Shipping begins July 1st and is filled in order received.

It has been our practice to give one or more Iris free with each order, but as this may make duplication for you, we have decided to let you make your own gift selection, therefore with any order of \$3.00 or more you may select 20% of the order in premiums. As our stock of some are limited please select from those marked with an asterisk (*).

Visitors are always welcome to our gardens. All Iris lovers should be a member of the American Iris Society.

ONCOBREDS

These fascinating hybrids have all the appeal of the Oncocyclus and Regelias but are as easily grown as Bearded Iris. Are very early, flowering before the Intermediates.
